PART 04 Q&A

PART 02 |

Let's compliment him 

I compliment you!

AI Service Development A

ID Kim Minseo

- It listens to, sympathizes with, and consults with classmates who have difficulty adapting in a new academic environment.
- Please approach all the trainees warmly and listen to the stories of those who are struggling sincerely. He is also considered the 'kindest person' in service development class A..
- It's always good to see you working hard behind the scenes.

- I think he takes good care of people around him. It's fun.

AI service development A: ID Kang Jina

- Take good care of people around you and kindly inform friends who are in trouble

AI service development A: Kim Hye-soo

- I compliment you for organizing our class and guide fairy!
- He is passionate and tries to learn and achieve many things from his common class days

AI Cloud and Infrastructure: ID Shin Jae-gu

- He helped me well and he did a good job as the project team leader
- If there's something you don't know, you teach me well

AI Service Development A: ID Yoo Eunjoo

- He distributed his data to help him adapt to the middleman. He plays a good role as a class president!

  It helps you make quick decisions! Kind, smart, and pretty...!

Planning AI Service: Nayeri

a lecturer in Park Byung-kwan

- He's handsome. soil
- It's nice to see each of the students watching and working hard.
- You don't just teach knowledge, you always encourage us to not lose interest in development for us. Please explain the difficult content easily and give advice and encouragement to each of us.
- If I become an instructor, I want to be an instructor like this person.
- I thought a lot about how to adjust to the situation because I came in late, but I was barking The only difficulty in adapting was my worry in the end because he accepted the joke and made a comfortable atmosphere by playing jokes first. The class was easy and fun to meet the eyes of beginners, and I really want to imitate the responsibility of not missing each person!! I compliment you!! He's handsome.

Byeong Kwan! That's cool! Byeong Kwan!!

- Thank you very much for your generous teaching to help me, a non-major, grow up in the absence of anything. I won't give up to where I want to go, and I'll trust and follow you!
- Even in class, he/she looks at his/her classmates every now and then, and he/she visits other peninsula, narrows the gap with the students and approaches him/her in a friendly manner.

Mentor Choi Hwang-jun

- You answer really well when you ask.
- You're handsome. You're diligent. You're young. You communicate well.
- You always work hard for the smooth progress of the class. Thank you always and I look forward to your kind cooperation.
- You are very accommodating to our requirements.
- He always runs around and suffers, but he never loses his smile.

mentor Yang Ha-young

- When you make a request, you always don't forget to take care of it as quickly as possible, and when you stay and study, you often give out snacks from the office. Teacher Ha Young

the best
bb

- Mentor teaches well and takes good care of me.
- I am reassured that you have properly informed me about the confusing guidelines and handled the attendance well without any problems!
- If we meet in the morning, please say hello!
- It's really nice to remember the details and take care of them separately

PART 03 |

Open the
communication box 

I'm curious about this!

Q1.

Maybe I didn't get the delivery, but I'd like to know the whole training schedule!

I'm very curious and would like to know what I'm going to learn in the future!

And I heard that there is also a club on the blog, what activities are planned in the future??

I'd like to know!!

I'm curious about this!

Q2. I wonder how internship matching goes.

Q3. I would like to know the scorecard that affects the selection of excellent graduates.

Q4. Please open a major track supplement class offline in each class from Monday to Friday.

Major Measures for Satisfaction Survey

Q1. Mandatory sharing of major schedules (special lectures, comparative activities, etc.) in advance

Post monthly schedule schedule in the classroom / corridor and inform the schedule through the notice of Clasome

Q2. Formulating official suggestions/communication channels with guaranteed anonymity

Change the survey method (Google->Survey Monkey)

A survey conducted through the suggestion box in front of the office on the 1st floor

Major Measures for Satisfaction Survey

Q3. **Unify and systematize the training announcement channel**

Announcement will be unified into Clasome through the homeroom teacher of each class

Q4. **Dispensers / Toilet paper by toilet compartment**

Reflected to the 2nd and 3rd floor restrooms

Major Measures for Satisfaction Survey

Q5. **Stabilization of online lecture system (sound, connection status, etc.)**

Measures to stabilize connection by completing inspection of entire semi-acoustic system and using wired Internet

Q6. **Microwave, Diffuser Additional Placement**

3 microwave ovens in AICA cafe

Place additional diffusers in each half/corridor

Major Measures for Satisfaction Survey

Q7. Request for certificate acquisition support

AWS Skill Builder Support (see Clasome Notice)

Support for certificate application fee when obtaining AI/IT certificate (see Clasome Notice)

Q8. Request for repair of learning equipment

Laptop, Beam Projector Repairs

Major Measures for Satisfaction Survey

Q9. Announcement of lecture plan/video upload schedule for self-study

Lecture will be uploaded within midnight on the day and the replay video will be uploaded

Q10. Request to improve the atmosphere of the class

Posting information on the progress of the learning culture creation campaign, we need your active cooperation ★

PART 04 |

On-site Q&A

End I

The next Talk Up will take place on September 9th.

Thank you.
